City Stars Welcome Swiss TTP as new Title Sponsor

The Cleveland City Stars would like to welcome Swiss TTP as the new title sponsor for the 2008 season. As the title sponsor, the Swiss TTP logo will be featured on the front of all CCS jerseys during the upcoming season.

Fans of the City Stars and residents of the city will also benefit from the partnership. Part of the sponsorship agreement includes the donation of a multitude of CCS tickets for each home game to benefit the inner-city and underprivileged youth throughout Cleveland.

"We are extremely excited to be partnering with Swiss TTP during the 2008 season and beyond," said CCS President Jonathan H. Ortlip. "Their product and support will not only greatly benefit our players, but their heart for the inner-city of Cleveland is setting a great example for other businesses in our beautiful city."

Swiss TTP specializes in therapeutic training products designed to improve overall fitness and health, accelerate the rehabilitation progress, and enhance athletic training and performance. The SwissWing is used by many area professional teams to improve flexibility, shorten warm-up time, reduce muscle soreness and speed recovery after exertion. The technology is also being used by local medical systems in their physical therapy clinics to speed up the recovery of a wide variety of patients.

"The Cleveland City Stars are a perfect fit for us, our company and staff," said Swiss TTP President Kevin Holle. "It was incredible for me not only to discover the success the team had on the field during their inaugural season, but also how they have been able to reach and positively impact thousands of children in the inner-city. We are excited about this partnership and we look forward to working together."
